Jeremy Novick : Benny Hill-King Leer before purchasing it in order to gage whether or not it would be worth my time, and all praised Benny Hill-King Leer:

0 of 0 people found the following review helpful. benny hill--an enigmatic legendBy James LaMarNovick tells Benny Hill's biography in a personal, interesting way. He also finally explains (in my opinion) why Hill was never accorded the same honors many of his contemporaries seem to have received.Although Benny became world famous, he seemed to become frozen in time, falling back on what had made him so successful, yet failing to change with the times. He had risen meteorically through his brilliant innnovations and through the fact that he recognized the future potential of television long before most of his contemporaries. But, after reaching the top and riding its wave for so many years, he forgot what had gotten him there: creative innovations. He seemed to rest on his laurels, since they had made him so successful for so long.Eventually, though, executives decided to try a different path and move in a different direction with their comedy. Benny, sadly, was left high and dry.It is sad to see someone so talented almost alone at the end of

his career. Novick does a great job of telling this story and adding personal comments, along the way. 0 of 0 people found the following review helpful. Five Stars By T Drain Okay book 2 of 2 people found the following review helpful. Great Book By Monster Fan I really enjoyed "Benny Hill" when he was on TV here in the USA. I really enjoyed reading about him about his life, behind the scenes, etc.... Such a shame we lost a funny man way before his time!

Benny Hill was one of the best-known British comedians in the world. This book is a celebration of Benny Hill's comedic talent and long career.

About the Author Novick previously was a TV reviewer for the Observer, he currently writes on comedy, TV and music for the Express.
