From Crown Publishers : Best American Screenplays 2 (Complete Screenplays) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Best American Screenplays 2 (Complete Screenplays):

0 of 0 people found the following review helpful. How Can You Go Wrong With The Best American Screenplays? By Lawrence Maturo Well, it's the best American screenplays, just like the title says. You can't really disagree with the screenplays. They are what they are. You could disagree about which ones should be included, but I'm happy with the choices the author made. 0 of 0 people found the following review helpful. Five Stars By EKHA great aid for studying masterworks as a step to your own better writing. 1 of 1 people found the following review helpful. If you loved the film... By Walter P. Sheppard... you should read the screenplay. You can discover all manner of things that you missed while watching the film, you can control the pace of events, and you can even look back if you need to. It's a handsome addition to any moviegoer's bookshelves.

A collection of 10 complete screenplays.

From School Library Journal YA-- An excellent addition to any high school library. For Theater Arts classes, this book is a natural for script analysis, monologues, and to support any kind of media and film study. In speech, it would be a fine source of readings and pieces for forensics. As a resource for English classes, it will be most helpful to teach character definition, plot analysis, and setting. It would be useful, also, for comparison with other treatments of the same work or a different one, especially adaptation of a novel. The themes could be used for comparison with poetry

or short stories. A versatile and entertaining collection.- Margaret Hecklinger, R. E. Lee High School, Springfield, VA
