By libraryjunkie For a true fan of B-Westerns such as myself, I highly recommend this book. The authors are authorities on this kind of thing - visit Magers' website Western Clippings for lots more great reading on your favorite western actors. Writing is informative, frequently humorous, containing many interesting anecdotes from friends of the actors, and most of the actors were interviewed by Magers himself. Each entry includes a photo and a short filmography so you can catch your favorites in a variety of films. The book is pricey because the publisher is out of business - but I consider it worth the price. Great stuff. 0 of 0 people found the following review helpful. It arrived in Australia within 10 days - just in time for Christmas!

This book contains detailed bios, photos, and filmographies on 315 men who played outlaws, bandits, and polecats on the movie and TV western screen from 1930 to the 1960s. Written and exclusively researched by three noted western movie historians -- Boyd Magers, author of "Western Clippings" Magazine, "So You Wanna See Cowboy Stuff," "The Films of Audie Murphy," "Westerns Women," and others; Bobby Copeland, author of "B-Western Boot Hill," "Trail Talk," "Johnny Mack Brown: Up Close and Personal," "Roy Barcroft: King of the Badmen," and others; and Bob Nareau, author of five books on Bob Steele, "Bits and Spurs," and "Kid Kowboys."
