It provides very little detail about the vehicles it does cover , and the pictures provided are of very poor quality. They are either photos taken of production stills , or were shot off of a high res video screen. If you want a good Bond book , look elsewhere.

Witness all the Classic Cars, the Air and Sea Vehicles, and the Secret Weapons. Bond Cars and Vehicles features James Bond cars such as the world-famous Aston Martin DB5, many of the other boats and aircraft he has piloted, as

well as some of his most hair-raising chases and escapades. Includes spectacular movie images capturing classic Bond moments and enhanced with memorable script quotations and fascinating props.007 [Gun Logo] and related James Bond Trademarks 1962-2010 Danjaq, LLC and United Artists Corporation.
