By Oma QI first saw Chris' pictures on Facebook and always looked forward to seeing when he would post a new one so you can imagine how excited I was when I saw he had a calendar of his great innovative pictures of him and his dog. I love the selections he has in the calendar and can't wait to the next month for a new picture of his adventures! Chris is a talented man with great talent for presenting a whole story with one picture. 1 of 1 people found the following review helpful. Fun, creative calendar. By TacomapatI had never heard of Bow-Wow before; this is creative and quite entertaining to those of us who are easily amused and love dogs. 0 of 0 people found the following review helpful. Three Stars. By LorraineI was expecting more for the print quality considering his Instagram posts are very detailed and clear.

Meet the Clifford of Instagram, Juji. In the fantasy world within owner Christopher Cline's Instagram account, Juji the goldendoodle is his photographer dad's massive companion. The large format, 18-month wall calendar features grids with ample room for jotting notes and reminders. Also included are six bonus months of July through December of

2016 as well as moon phases, U.S. and international holidays.

About the Author Our location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in Publisher's Weekly. But, a few years ago we did get noticed with the release of *Just Labs*, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 400,000 copies in print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best Just breed calendars in the country.
