From University of Texas Press : Brazilian Cinema before purchasing it in order to gage whether or not it would be worth my time, and all praised Brazilian Cinema:

0 of 0 people found the following review helpful. Review by Brazilian film student Monique BlanchardBy monique blanchardThis book really breaks brazilian cinema down from the very beginning until now. We gather a sense of how it developed, how it struggled, and how the amazing culture of brazil is shown through all it's many older and newer films today. I would suggest to anyone buying this book to watch the films first as it is always easier to watch the films before reading about them.0 of 0 people found the following review helpful. Five StarsBy CustomerThe best0 of 2 people found the following review helpful. damaged goodsBy want what I pay for..listed as new... - but arrived with some damages on the cover....no time to deal with it...and returned it..buy a new..one...

From the documentary to the cinema novo and cannibalism, from Nelson Pereira dos Santos's Vidas Secas to music in the films of Glauber Rocha, this third, revised edition is a century-spanning introduction to the story of a medium that flourished in one of the most developed of 'underdeveloped' nations.

A 'must' for anyone interested in Brazilian cinema.
