From William L Slout : Broadway Below the Sidewalk: Concert Saloons of Old New York (Bibliographies of Modern Authors,) before purchasing it in order to gage whether or not it would be worth my time, and all praised Broadway Below the Sidewalk: Concert Saloons of Old New York (Bibliographies of Modern Authors,):

The Broadway of the 1860s in New York City began at Bowling Green at the southern tip of Manhattan, and extended all the way to Tarrytown. During this period concert saloons entertained a sizeable portion of the Broadway night life. Variety entertainments were performed in converted theatres amid a barroom atmosphere, where patrons were attended by "pretty waiter girls." Taken from the pages of the New York Clipper, these contemporaneous pieces describe a world of entertainment long forgotten. Complete with index and notes.
