It's beautifully done and just so neat. Here's to many more Buffy the Vampire Slayer books and collectibles!0 of 0 people found the following review helpful. By loverofanimeLove it, now needing the complete dvd series5 of 5 people found the following review helpful. Interesting Way of Digesting a UniverseBy Philip PatagI must say I was a little apprehensive buying this new book. The last few official releases has fallen a little flat on presenting new information and even as we celebrate Buffy Slays 20, it seems like there really isn't much else new to say.Presenting facts and tidbits in an alphabetized manner is a new way of looking at things. Most show companions or guides go episode by episode, season by season, but I found the structured but random nature of an encyclopedia to actually be exciting. Bouncing back and forth

between Buffy, Angel, the comics, is turning out to be a fun way to remember the series I love so dearly. As someone who dove headfirst into the series-continuing comics, I appreciate that the expanded canon is integrated so well into this book. I do hope it spurs more Scoobies into reading the comics. My one gripe may seem petty, and I will admit to that, but this book kind of lacks... Size. I don't know what I was really expecting but when I saw the package on my table, I was kind of disappointed by it. There are some great features in the book but I feel like some entries are throwaways or didn't really receive the love or effort the loyal fans of this series deserve.

A comprehensive, authorized compendium of all things Buffy the Vampire Slayer, published in celebration of the revered shows twentieth anniversary. From its debut in 1997, Buffy the Vampire Slayer became a cult hit with legions of devoted viewers and propelled the shows creator Joss Whedon to stardom. Now, fans can discover Buffys world fully with this full-color A-to-Z encyclopedia that catalogs, explains, and cross-reference every detail of the Buffyverse, from characters, locations, and weapons to episodes, demons, and recurring gags. Packed with content from the television show, The Buffy the Vampire Slayer Encyclopedia is the first companion book that also includes key facts from the official canon comics and its spin-off show Angelmaking this comprehensive volume the only truly complete guide to the entire Buffyverse. Lavishly produced and written by Buffy experts, The Buffy the Vampire Slayer Encyclopedia is the authoritative source for fans, allowing them to indulge in the intricacies and nuances of the series as never before. With color stills and photography throughout, an eerie cover with special effects, and an incredible design that reflects the shows aesthetics, this fully authorized companion is a must-have for all Buffy enthusiasts.
