One of my instruction books recommended studying the first season of Buffy. I already had the DVDs of the entire series, having been turned on to it by my daughters after it went off the air, but I didn't have the scripts. I was able to order this book from . Reading the script, watching the shows the scripts were for, and then reading the scripts again taught me more about screenwriting than all the textbooks I had read could teach me. I highly recommend this book and would like to have Season One, Volume 2.3 of 3 people found the following review helpful. Script Volume One Review By A Customer Terrific, a must for both script and Buffy fans. The show is known for its smart and witty dialogue and nothing proves that more than to read the scripts. Read

Volume One in one night, and have already begun to read volume 2. It is like a trivia test to see what lines/names were changed and how the characters in an episode were described. Also, found a lot of great dialogue I never caught clearly while watching the show. I say for a Buffy fan this as well as Volume 2 are a must. Can't wait for to get the second year scripts! 0 of 0 people found the following review helpful. Loving the script addition to my collection! By Nicole Foote Loving the script addition to my collection!

"It's my first day [of school]. I was afraid that I'd be behind in all my classes, that I wouldn't have any friends, that I'd have last month's hair. I didn't think there would be vampires on campus."-- Buffy, "Welcome to the Hellmouth" A true fan knows that one of the very best aspects of Buffy the Vampire Slayer is its hip, irreverent, witty writing. Slayer-speak packs one of the show's strongest punches. And the scripts are as much fun to read as they are to watch. Here, collected in one volume for the first time ever, you can find the first six scripts from Season One. Read along as Buffy arrives in Sunnydale, and revisit her early encounters with the "gorgeous in an annoying way" Angel. Best of all, these scripts represent the most complete source for the writers' and creators' vision-complete with production cues and dialogue and scenes that never made it to the small screen! Read these killer scripts: "Welcome to the Hellmouth," "The Harvest," "Witch," "Teacher's Pet," "Never Kill a Boy on the First Date," and "The Pack"
