Teen Mom Fan to Maci Bookout fan...By Brittany BolnerI alongside every other young girl in the nation started watch Teen Mom when the series first aired. One of my favorites was Maci Bookout. I felt like despite being pregnant at a young age, she was the one who would continue to excel through life and do what's best for both her and her baby. And she did! Now a Mother of three and a fiancé to an amazing guy, she has hit the ultimate personal goal for herself. This book shared all of her thoughts from being a teen mom, to

relationships, PCOS and pregnancy struggles, etc. I highly recommend. Oh, and her poems in some of the chapters are absolutely beautiful and flow so eloquently. 3 of 3 people found the following review helpful. It was a good read but if you have watched 16 pregnant ... By mamabear It was a good read but if you have watched 16 pregnant and Teen Mom, you know most of these stories. However, it was nice to hear a little background info that never aired. 0 of 0 people found the following review helpful. Great book! By Customer I love teen mom and like many others, Maci is my favorite. I loved reading her back story and how it all came about as I think she's an amazing mother for being so young. Those kids are truly lucky!

When a good southern girl becomes a single teen mom, how does she hold onto her dreams? New York Times bestselling author Maci Bookout was just a normal, slightly overachieving high school girl in Chattanooga, Tennessee. But then she got pregnant, and everything turned upside down. Even as she rose to fame on MTV's hit series Teen Mom, Maci was struggling to balance life as a single teen mom with her own hopes and dreams...all while honoring her own sense of independence. This is the true story of how she took charge of the unexpected to build a life for herself and her son Bentley, and managed not to go crazy in the process. Because sometimes growing up is an act of will...and Maci's will is bulletproof.
