Jane Briggeman : Burlesque: A Living History (hardback) before purchasing it in order to gage whether or not it would be worth my time, and all praised Burlesque: A Living History (hardback):

0 of 0 people found the following review helpful. Good Book On BurlesqueBy H. Linesinformative book on burlesque with good photos...this author has written another book on burlesque and some of the strippers I was hoping for more info on are not in this book but are probably in her first book. Such stars as Tempest Storm, Blaze Starr, Lily St.Cyr,

Sally Rand, etc. I have several books on the history of burlesque and DVD's which cover most of the major strippers...this is still an interesting read. 0 of 0 people found the following review helpful. I was quite disappointed that this is something of a slapdash encyclopedia of ...By M. A. Poitras I was quite disappointed that this is something of a slapdash encyclopedia of burlesque performers listed alphabetically. If you're looking for a history of burlesque, including where it comes from, its roots in 19th century theater, or how it took shape based on attitudes toward women in the gilded age, this won't give you much. I blew 30\$. 12 of 12 people found the following review helpful. Authentic account of Burlesque! By Sigrid R. Spangenberg Opening the pages of this book is like looking through a huge picture window catching a glimpse into the lives and careers of the remarkable and talented Entertainers who graced the stages of the various Clubs and Theaters throughout the US and abroad. The inserts of 'old time comedy skits' are hilariously funny, plus the mention of a few Neo-Burlesque Entertainers that are emulating the originators is very complimentary to the Art and History of Burlesque. Buy the book; you will enjoy re-living the glorious past of Burlesque!

This is the HARDBACK edition. Join the journey-discover burlesque when it was part of a large theatrical world filled with dance, comedy, and live music. BURLESQUE: A Living History captures the spirit of this unique art form through hundreds of photographs and stories from many who were a part of America's most colorful past. This book highlights the careers and contributions of selected artists, many of whom were the nuts and bolts of burlesque. It also acknowledges just some of the young performers of today who are diligently working to remember the days of old. When burlesque theatres and clubs went dark, a whole world went dark with them. This book is a journey preserving just some of the history and memories of those who worked on a variety of those burlesque stages.
