**Steve Antin : Burlesque: The Motion Picture** before purchasing it in order to gage whether or not it would be worth my time, and all praised Burlesque: The Motion Picture:

7 of 7 people found the following review helpful. The photography is engaging and Cher looks amazingBy cher bibleIf the movie reaches the level of these photographs,or the descriptions by the director Steven Antin-then the movie will be great entertainment. The director has had a love affair with the old art of true burlesque,and has gone to great lengths to transform his passion to this movie. There are plenty of pictures here to illustrate the film and please fans of all the stars. I for one am really thankful to see Cher at the helm of this project and chuckled when she described the coaching of tears out of Christina.The book is a good deal for the money!The paper is nice and all the actors have great shots of their performances.0 of 0 people found the following review helpful. Burlesque: A Musical Motion PictureBy Bill DellwoI rated this as a great musical because of the music and the story line. The story line as to how they have to fight to stay in the business first of presenting music from a time period that we have somewhat forgotten: the 20's. Burlesque is almost a forgotten art muscial. I just loved it the acting and story line i thought were good. Congrats to both Cher and Christina Aguilera. They were fabulous together. I would love to see more of these types of movies.0 of 0 people found the following review helpful. Five starsBy lynnetta christieI bought it for me and my granddaughter can enjoy it cuz we love it

The official companion to the upcoming musical motion picture event. In Burlesque, Christina Aguilera plays Ali, a

small-town girl who follows her dreams to Los Angeles and finds work at an ailing theater owned by Tess (Cher). On her way toward stage success, Ali is helped by a sharp-witted stage manager (Stanley Tucci) and fabulous host (Alan Cumming), finds a friend (Julianne Hough) and a jealous enemy (Kristen Bell), falls for a bartender (Cam Gigandet), and receives an enticing proposal from a charismatic entrepreneur (Eric Dane). Breathtaking choreography, outrageous costumes, and original and classic songs make *Burlesque* the kind of brash and bold musical fans go mad for. Filled with scenes from the film, exclusive behind-the-scenes photos, costume sketches, set designs, screenplay excerpts, and contributions from the cast and crew, this is a gorgeous, fascinating, and up-close celebration of the over-the-top glamour and gritty struggles found in *Burlesque*.

About the Author Director Steven Antin is an accomplished actor, writer, and producer. Grammy-winner Christina Aguilera makes her feature film debut in *Burlesque*, which is also the first musical for Cher, the Oscar- and Grammy-winning entertainment icon. Stephen Vaughan and Willa Mamet are accomplished photographers.
