What a great thing to put on your coffee table and shock your guests. The text of the book is amusing too, but that title --- what a gas!!! I recommend this book because it's amusing and something different. I think you'll like it. 0 of 0 people found the following review helpful. Entertaining Collection of Sayings By mangofanatic Hilarious, and perfect to have on hand as we just moved to western North Carolina. I gave another copy as a gift to relatives who are retiring in NC, and they also got a kick out of it. It would have been great to have origin stories to go along with the sayings, to give background and cultural or geographic context. 1 of 1 people found the following review helpful. A LOT!! of fun!
