Casey Dawes : California Thyme (California Dreaming) before purchasing it in order to gage whether or not it would be worth my time, and all praised California Thyme (California Dreaming):

They seemed to only have a few brief encounters and limited communication with each other, but fell in love and changed their lives for one another. I do enjoy the characters, both main and secondary, in this series of books, just missed the romance in this particular one.0 of 0 people found the following review helpful. The glasses we

look through sometimes need cleaning. By Jennifer Rivera I enjoyed how Mandy had to define her own life to live her dreams. She was so afraid of what she didn't want she couldn't see a different view. 1 of 2 people found the following review helpful. Another In an Excellent Series By peggy bird Because of a childhood haunted by her mother's self-centered obsession with her career in Hollywood, Mandy Parker wants nothing to do with anything in show business. Instead she works as a caterer in a small coastal California town. James Lubbock is the assistant locations manager for a movie about to be shot in town. He and Mandy have an obvious attraction to each other but she fights it, seeing him as representing everything she wants to avoid. But attraction--and the chance to make her mark as a caterer--are hard to resist. In the end, Mandy has to deal with her past to have a future. I've thoroughly enjoyed all of Casey Dawes "California" series and this one is no exception. Her characters are sympathetic, the love stories sweet and the endings satisfying. Although each book is a stand alone story, reading all of them is such fun, it's worth doing.

Mandy Parker doesn't want to turn out like her mother, an aging actress desperate for the love of the crowd. Avoiding anything Hollywood related is vital for Mandy's sanity; however, a bad economy forces her to take a job catering to a movie crew. Since the woman he'd loved married his best friend, James Lubbock has put women far behind his career in the movie business. The assistant caterer is attractive, but he's more focused on figuring out who's sabotaging his set. Sparks fly between Mandy and James, but can they overcome their painful pasts to risk a chance on love? Sensuality Level: Sensual
