Edward Gross, Mark A. Altman : Captains' Logs Supplemental: The Unauthorized Guide to the New Trek Voyages-Entire Deep Space Nine Voyager History before purchasing it in order to gauge whether or not it would be worth my time, and all praised Captains' Logs Supplemental: The Unauthorized Guide to the New Trek Voyages-Entire Deep Space Nine Voyager History:

21 of 22 people found the following review helpful. Early DS9 and Voyager seasons in depth By Customer This Captain's Log follows on from the original book detailing all of the original series, The original crew movies and TNG up to the end of season 5. This new book features DS9's first four seasons and Voyager's first two in more detail than the earlier work and is one of the few insights available into these shows. The authors aren't known as these series' greatest fans but they don't let it show and it's a credit to them that you neither feel this is a studio puff piece nor a

poison review book. It's objective, and that's something few Trek non-fiction books have. What's refreshing is the writers are interviewed more than in most publications so you get an insight as to how they perceived their work. Stories you or I may have liked aren't always the ones they are most proud of and vice versa. A must for anyone interested in Star Trek as a whole or just wishing to re-evaluate their stance on the 'younger' shows.

A behind-the-scenes chronicle of the three spinoff Star Trek series includes commentary by the actors, writers, producers, and directors; presents an inside scoop on the forthcoming movie; and includes a show-by-show guide.
