Martin Grams Jr. : Car 54 Where Are You? before purchasing it in order to gage whether or not it would be worth my time, and all praised Car 54 Where Are You?:

0 of 0 people found the following review helpful. Five StarsBy Thomas MeyersGreat item and transaction!0 of 0 people found the following review helpful. Fantastic book!By N. Manon LescautI loved the show Car 54, where are you? so much that I decided to buy this book about it and learn more about the cast and lots of behind the scenes stories. It was very informative and enjoyable read. I only noticed that author stated Beatrice Pons was born in 1923, which is wrong. She was born in 1906. The book contains biographies on the lead actors, detailed listings of all 60

episodes, broadcast history and lots more...However, I highly recommend this book to everyone who loves the show!1 of 1 people found the following review helpful. Definitive Car 54 bookBy Deborah R. PainterMartin Grams, Jr. has written a very thorough book on the origins of, and run of, Car 54, Where Are You? from the early 1960s. Relying on interviews and original documents rather than Internet sources, he has crafted a book that is hard to put down. One gains insight into television production not found elsewhere. Who knew that critics of the series (a very funny one, by the way) would hate it because it made policemen appear fallible human beings? A very good book about a good series!

CAR 54, Where Are You? is considered one of the best television comedies ever produced. From 1961 to 1963, Officers Toody and Muldoon were among the most unlikely patrol-car partners ever seen on a police force. Toody was short, stocky, and just a bit nosy, a marked contrast to the tall, quiet Muldoon. Although they were assigned to New York's fictional 53rd precinct -- a run down area of the Bronx not generally considered a hotbed of hilarity -- they always seemed to encounter more comedy than crime. From the episode "Something Nice for Sol" to the classic Christmas episode of 1961, this light-hearted comedy offered a heart-warming approach to our police force at work. The comedy was invariably of the broad slapstick variety reminiscent of Mack Sennett -- and one episode even saluted the Keystone Cops! Created by Nat Hiken, this television program now receives a superb review including biographies on the lead actors, the creation of the series, detailed listings of all 60 television episodes, broadcast history, cast list, plot summaries and lots of behind-the-scenes stories.
