**Robert Steele : Careless Whispers: The Life and Career of George Michael** before purchasing it in order to gage whether or not it would be worth my time, and all praised Careless Whispers: The Life and Career of George Michael:

9 of 9 people found the following review helpful. Don't Buy This, Watch George's Interviews By J. Davis Okay, but biographers of GM basically write a compendium of his old interviews and articles about him and put them in narrative form. You can tell there's no cooperation from GM or those close to him. If you want to enjoy finding out this information, go to YouTube and watch the interviews there: George's interviews with Parkinson, David Frost, the

documentary A Different Story, and more. That way, you'll hear him tell firsthand about his own life1 of 1 people found the following review helpful. George Michael before he was famous, and while he was famous, and still is.By lyndajean23I've only read part of this book, but what i read was fascinating.. There are a few photos in the book, and I was hoping for more, but they are good photos, and it tells about Michael and his first true love that we don't know the name of, and it's not revealed in this book. It is still good and as I said, of what I've read, has been very interesting. Thank you!!1 of 1 people found the following review helpful. Great bookBy vicki duhonWas so excited to received this book. Will be a great addition to my collection! Again thanks you so much!

Here is a riveting account of the highs and lows of the life and career of one of pop music's top solo artists. Covers the formation of Wham! in the early 80s with friend Andrew Ridgley, their success with hits including "Young Guns (Go For It)," "Wake Me Up Before You Go-Go" and "Club Tropicana" and their split in 1986. Details Michael's huge success as a solo artist with albums including Faith and Listen Without Prejudice and his high profile legal battle iwth Sony which cost him millions of his own money. Covers his personal life and the drug and sex scandals that eventually led him to be sent to prison in 2010 following a car crash. Includes commentary by those best placed to observe his career - such as former Wham! manager Simon Napier-Bell.

About the AuthorAs a writer/editor in the independent publishing industry, Robert Steele has worked in the genres of popular culture and cinema. As a writer on pop culture, he has provided new chapters for the updates of books including Rock 'n' Roll Babylon by Gary Herman and Marc Bolan: Born to Boogie by Chris Welch and Simon Napier-Bell, as well as producing biographies of teen movie idols such as Orland Bloom.
