**Miles Wood : Cine East: Hong Kong Cinema Through The Looking Glass** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cine East: Hong Kong Cinema Through The Looking Glass:

An excellent snapshot of the current HK film industry, as told through interviews with a dozen of HK's most respected filmmakers and performers, some of whom have never been interviewed in English before. Includes director Johnnie To, superstar Maggie Cheung, esteemed actor Lau Ching Wan, rising young star Gig Leung and psycho for hire Simon
