Kevin Smith : Clerks and Chasing Amy: Two Screenplays before purchasing it in order to gauge whether or not it would be worth my time, and all praised Clerks and Chasing Amy: Two Screenplays:

rough shape, but that was made up for by the surprise I noticed. While unboxing, I noticed someone had scribbled all over the cover in permanent marker. This somewhat annoyed me, so I went to go scrub it off. Just as I was about to proceed, it occurred to me that I'm probably an idiot and it must be Kevin Smith's signature. Evidently, it was his signature. I went online and looked to confirm it. I'm sure the volume of merchandise that he signs totally saturates the market, and I wasn't thinking in terms of selling it and making money off of it, but it's just a nice unexpected thing, I guess. 0 of 0 people found the following review helpful. A two for one deal By JACKFORKI have the first book and just had to grab this one too. Fun to read and having two of Kevin Smith's scrips in one book is awesome. 0 of 0 people found the following review helpful. just what i expected By Brenna Gallagher great condition, no torn pages or anything. I also wasn't expecting the few pictures that were in it scattered throughout the book. That was a nice surprise.
