Step by step instructions for developing easy tricks.

Clowning is fun. Magic is fun. Putting the two together doubles the fun and enjoyment. In this book you will learn

how to effectively combine the humor and funny antics of clowning with the thrill and enchantment of magic. This is not simply a book about clowning, nor is it just a book of comedy magic tricks. It is a guide on how to be entertainingly funny using magical effects and offbeat humor. The book is loaded with hundreds of tried and tested comedy effects with dozens of complete clown magic skits and routines.

A treasury of tricks and stunts that (people) looking for fun performance material can use with ease. -- Booklist, American Library Association  
Highly recommend this book to budding clown magicians, it could transform a rather dull clown magic routine into something outstanding. -- Phoenix Rising
