From Brand: Bruce Hershenson : Comedy Movie Posters (Illustrated History of Movies Through Posters)
before purchasing it in order to gauge whether or not it would be worth my time, and all praised Comedy Movie Posters (Illustrated History of Movies Through Posters):

0 of 0 people found the following review helpful. The kings of comedy By Robin 'Comedy movie posters' is the twelfth volume in Bruce Hershenson's excellent movie poster series. I have another book: 'Crime movie posters' and as it's the same format as Comedy so I assume all the books follow the same visual style. The way the pages are poster heavy might not be to everyone's taste but (neatly) cramming them in was the only way to show so many in eighty pages. The posters are for movies from the 1920s to 2000 and it's the ones from the late forties into the fifties that I like with their use of color, illustration and lettering creating an exuberant collage style that was used by all the studios. Into the

sixties and seventies the style was a mix of photos and illustration and in the last decade of the century photography was the main visual element. A worthy addition to any movie fan's library. 1 of 1 people found the following review helpful. Another excellent book By Darren Mclachlan Yet again, Bruce has excelled in his great colour reproductions of the movie posters. I collect only comedy posters, so I find this book additionally helpful and informative. Answering questions and clarifying others. I am amazed at the detail and research spent in reproducing a book of such quality. If you enjoy collecting movie posters or at least reading Bruce's books you will find this one as informative as the rest. 2 of 2 people found the following review helpful. The world of comedy By warren johnson Couldnt ask for a better book. This book has posters you can only dream about having hanging on your walls. CHAPLIN, LLOYD and KEATON. Teams like LAUREL AND HARDY and ABBOTT AND COSTELLO. GARY COOPER in A CAPRA movie and even ERROL FLYNN In one of his rare comedys. Bruce doesnt forget that we also have great comedians of today and covers all the way to JIM CAREY. If you love comedies buy this book and you cant go wrong

A fabulous series of pictorial movie encyclopedias spanning the early days of the movie industry to the present. Drawn from the author's research and personal archives, this book presents movie posters as an art form as well as a slice of America's history
