WRITE MATERIAL OR LIKE I SAID GETTING THE RUST OUT OF MY GEARS. By Robert Telecky I'm a born again comic and when I decided to break back into the life, I need something to get the rust out of my gears. I took Dave's live workshop and purchased this book. The book is filled with practical advice on learning how to create your own comedy vault /data base. It provides a basic structure on how to get your own creative juices flowing and find your own comedy voice. I know that I am a joke teller by nature as my earliest inspirations were one liner comics like Uncle Miltie, Joan Rivers, Phyllis Diller, Flip Wilson and the late great Rodney Dangerfield. This book helps you to identify with your own style of humor and embrace it. It's not a technical book on how to be funny as Dave states that he doesn't believe he can teach anyone how to be funny but he can teach you how to peel back the layers to discover your own style and sense of humor. A must have for anyone who is just starting out or starting out again. 0 of 0 people found the following review helpful. Dave Schwensen is a Comedy Genius! By Joshua Lawhorn Dave Schwensen is a genius in the comedy game. You can either pay \$220 to take his class or read his 3 books. Either way you will gain a significant amount of knowledge as to how the comedy game works. 9 of 10 people found the following review helpful. Rip-Off Alert! By noam d. plume A how-to book that leaves out the "how." Do not believe the 5-star reviews for this book. Only the author's mother would give this thing more than a single star, which rates it as awful. Let me save you 8 bucks and reveal the author's priceless writing advice: "Carry a notebook. Write down all your funny ideas. Throw away your joke-writing books." Helpful information? Not in the least. Judy Carter's "Comedy Bible" contains helpful information, as does Greg Dean's book. But this one--if you buy it, just don't say I didn't warn you.

Comedy material can come from just about anywhere when you know how to look for it. Learn to take creative ideas and real life experiences onto the comedy stage and speaker's platform.
