Very cool bookBy Noms91If you like comedy, but more especially, comedians, you will like this book. I got it for a friend as a gift, and looked through it ahead of time. When I ordered this, I thought it was actually a book with text, but it's a book of portraits of great/famous comedians, with quotes dispersed in between. Just beware that it is not a book that you will sit down and read, or you will be disappointed.1 of 1 people found the following review helpful. This star-studded tribute to the kings and queens of comedy draws together such legendary names as Steve Martin, Tina Fey, Steve Carell, Eddie Murphy, Robin Williams, Ricky Gervais, and many more. Granted extraordinary access, photographer Matt Hoyle has captured his subjects in portraits that are works of art in themselves by turns zany and deadpan, laugh-out-loud and contemplative. Accompanying them are first-person reflections from each of the comedians on life and laughter that always cut straight to the heart of comedy: it's funny because it's true. Page after sidesplitting page in *Comic Genius* offers prose as engaging as each portrait is memorable. Here, in one handsome package, is the gift of laughter itself. *Comic Genius* is proud to support Save The Children.

"A coffee table book that's guaranteed to get a laugh." - *O, The Oprah Magazine*
