Jay Miles : Conquering You Tube: 101 Pro Video Tips To Take You To The Top before purchasing it in order to gauge whether or not it would be worth my time, and all praised Conquering You Tube: 101 Pro Video Tips To Take You To The Top:

1 of 1 people found the following review helpful. A Go To Guide for All Videographers By J. Lucatino Jay Miles is a very talented and unique individual. As a teacher, his ambition and limitless patience is unparalleled. As an author, those qualities carry over to produce, quite possibly, the "Bible for Videos" if there ever was one. With both his experience and job history, Miles is the perfect author for such a book. Conquering YouTube is more than just another "Video for Dummies"-esque rendition, but instead takes the book allows readers of all ages and experience to learn something new by encourages innovation. The book is more valuable than the modest price is selling for, so please, take one thing away from this review. If you have ever had a dream, vision, or idea relating to videos, then this book will allow you to turn it into a reality all within 101 beautifully written pro tips. 3 of 3 people found the following review helpful. More for Your Money Than the Title Suggests By jdc writer Beginning and experienced videographers will find this book invaluable, not just for YouTube but for video production of any kind. The writing is smart, funny, and user-friendly. You get more for your money than the title suggests. While the book is divided into 101 tips, each tip contains tons of information for creating professional videos. It also includes plenty of exercises for practical application. With titles like "Glitches in the Matrix", "Benny Hill vs. Private Ryan", and "Ken Burns Calling", it's written for your thirteen-year-old kid, your seventy-year-old father, and the pro videographer in your life. And it's fun to read! 0 of 0 people found the following review helpful. Five Stars By VSellers An excellent resource for business branding ideas.

About the Author Jay Miles has worked in TV, video, film and commercial production for nearly 20 years, including shows for NBC, ABC, FOX, the Discovery Channel, HGTV, Versus, and DirecTV. He has completed productions for businesses (The House of Blues, Cisco/Linksys), bands (Two Man Advantage, The Afro-Semitic Experience) and blogs (On Frozen Blog). He has taught media at the college and high school levels for the past several years. This book, his first, combines the professional and practical tips that he has used on major shoots and the approaches that he has used to help numerous beginners reach for the stars with their own successful projects.
