(In a funny, awesome way) once I started reading, I couldn't put it down.Rude, crude, and raw!!!1 of 1 people found the following review helpful. hilarious quick read!By maggsFunny and enjoyable... Glad I don't work in a strip club or a bar but loved living vicariously by reading this book.1 of 1 people found the following review helpful. Five StarsBy Sandra AzancotThis book was hysterical! The funniest and

most entertaining book I have read in a while!

Adult humor at its finest. A window into the life of a strip club manager, and the lives and antics of some of the strippers that have worked for him. These are true Stories of actual events that have taken place in a Key West adult entertainment nightclub. This is the real definition of where the weird turn pro. Managing strippers is like herding cats or nailing Jell-o to a tree. Then you add the customers! This ranting is filled with profanity, stupidity, drunken debauchery, some photographic evidence of a few of the key players in action with very little left to the imagination and copious amounts of stripper drama. Not for the faint of heart or easily offended.
