I laughed and cried as Sonja Henderson told of her friends, their joys, their sorrows, and their faith in God that has carried them through. We all need friends, and Sonja's stories help us appreciate our own friends and also strive to be that loyal friend who will always be there to share the joy and heartaches that life brings to each of us. I highly recommend that

I absolutely loved this book By anthonymoyal absolutely loved this book! It gives a great example of how our friends can make us laugh and be there for us when we cry. It also shows that you can smile in the good times as well as the bad as long as you have the Lord and a few crazy friends.

Sit back, relax, and get ready for the ride of your life as you discover the mind and life of some of my favorite people. Many of them will possibly be your friends as well as mine; those I have rubbed shoulders with, worked with, and simply enjoyed living the good life among. No doubt, some of my friends could even label me as one of their Crazy Friends. These characters will steal your heart! In every story you will find a wrap-up of inspiration and spiritual insight that will challenge you to fight the good fight and to keep the faith in your own personal journey.
