**Mark Phillips : J.S. Bach 50 Solos for Classical Guitar Book Online Audio** before purchasing it in order to gage whether or not it would be worth my time, and all praised J.S. Bach 50 Solos for Classical Guitar Book Online Audio:

2 of 2 people found the following review helpful. Surprised and challenged By Michael W. Merker Several recognized and beloved pieces are included in this generous collection of classical guitar solos. I am still challenge in holding an A on the 1st string while playing an F on the sixth string! 19 of 21 people found the following review helpful. Wonderful work. By J. Schlembach This book wastes no time; open the cover and you'll see a table of contents of all the pieces contained therein. After that is sheet music with corresponding tablature. The pieces are short, but wonderful to play. If you're a novice player like me, this book will provide many opportunities to improve your dexterity and speed. The CD provided was of inestimable help in discerning the rhythm in a few places. You can't go

wrong with this book. Whether you're performing these pieces as a whole, or adding them to a repertoire, this book is perfect. Highly recommended. 19 of 24 people found the following review helpful. Poor quality, Bad transcriptions!!! By E. Martinson I thought I was getting some very decent transcriptions, but instead they're jam packed w/ poor transcriptions w/ incomplete renditions. Anyone serious about the classical guitar, DO NOT GET THIS BOOK. It's not worth the money, shipping or your time!

(Guitar). This collection provides 50 arrangements from Bach's works arranged specifically for the classical guitarist, including more than 35 pieces never before arranged for guitar. The accompanying audio, available online for download or streaming, includes complete performances of all pieces.
