Bob Gallway : J.S. Bach for Electric Bass: Three Duets and Five Solo Pieces Arranged for Bass Guitar before purchasing it in order to gauge whether or not it would be worth my time, and all praised J.S. Bach for Electric Bass: Three Duets and Five Solo Pieces Arranged for Bass Guitar:

3 of 3 people found the following review helpful. Hard Classical Pieces By Customer The material is excellent but definitely for a more advanced player. It's the only reason I give it four stars because it doesn't tell you just how difficult most of the pieces are. After 7 years of playing bass and many more years of sight reading ... I can only really

play two of the pieces. But its an excellent book for more advanced players. Some of the advanced techniques: playing chords on the bass, trills, 24th note rhythms. Needless to say ... you will definitely have fun and grown as you learn to play these pieces. Invention #4 in Dm is well worth the price!4 of 4 people found the following review helpful. Fun pieces, but....By Banderhoos...the one piece I've learned so far was riddled with mistakes--both in the tab, and notation. If you possess a good enough ear, and musical background, you can power through Dr. Gallway's errors. If you're just beginning to learn the bass, you're better off avoiding this book.1 of 1 people found the following review helpful. Five StarsBy Lewis Wumore than i expected, in terms of content, and clarity of presentation A+
