However, because the book is quite poorly bound i had to take the pages apart in order to them.P.s. i bought it in a local book store.0 of 3 people found the following review helpful. It's an Okay OneBy Brian E. YoungThe selection of pieces is nice, however I'm not much of a Bach fan. If you like any of the pieces included in the book you should get it because it's a pretty good deal rather than buying any one of them seperate.The book is bound pourly and may fall apart.
