Hard to Find OfflineBy LXSXLYou're probably considering buying this book partly because of that it's insanely hard to find offline, and also because you're likely having issues with locating all the Precursor Orbs and figuring out the Skull Gem Challenges. If so, then buy this book.Not only does it come with a full walkthrough, as well as a Secrets section to help you with Precursor Orb hunting. It also comes with walkthroughs of the Skull Gem Challenges, and maps of every area in the game.In addition, for you big Jak and Dexter fans, there are several winks to you within the course of the book, as well as an interesting section at the far back called "Where Are They Now?" I'll leave it to you to discern what that is.Overall, this is a great strategy guide, and one that I would easily recommend to anyone having difficulty with Jak 3, or simply needs a few pointers in the game.0 of 0 people found the following review helpful. Awesome!By Dakota Ryan MoatsVery detailed, very

thorough walk-through. It explains weapons, enemies, characters, etc in full detail.. Also it shows you exactly where each precursor orb is as well as how to complete each side mission. I recommend this to anyone who is a completionist and people who get into their games.0 of 0 people found the following review helpful. Jak 3 Guide ReviewBy Elisha BlackmonGot this book last month.
