results to me. Unfortunately, we needed to find a way to cover the "hints" (we used post-it-note paper), because they appear on the same page as the cryptogram. That way, he isn't tempted to look at the "hint" and spoil the fun of solving the cryptograms.0 of 0 people found the following review helpful. Always learning....By Jo DuffThis is a fun 'workbook' with some familiar quotes and some missed-in-the-reading new ones - and all full of the wisdom of the time. Good to carry in the purse or backpack for those 'waiting times'.0 of 0 people found the following review helpful. Got this as a gift for my mother and she loved it!

Word puzzle and Jane Austen fans . . . Rejoice! Now updated for 2015, this collection of over 200 cryptograms is compiled from Jane Austens novels and correspondence. Her wit, wisdom and wordplay are showcased in cryptograms that range in difficulty from Temperate (easy) to Teasing (moderately-difficult) to Vexatious (very difficult). Jane Austen Cryptograms are encoded quotes from Jane Austens novels and correspondence. In each puzzle, one letter stands for another. Each cryptogram provides a clue letter to get you started. Start solving each puzzle by first finding the clue letter throughout the cryptogram. If the clue is D equals G, look for all the Ds in the puzzle and pencil the letter G directly above it. Then examine the rest of the puzzle to identify other letters. Includes instructions and tips for solving. A must-have for the Jane Austen fan or cryptogram devotee. As Jane wrote of Fanny Price: She stopt, felt herself getting into a puzzle, and could not be prevailed on to add another word.
