It was fun to put together, but some of the pieces arrived bent so I was disappointed in the quality. But, if you're an Austen fan, it's a nice addition to your library.4 of 4 people found the following review helpful. WonderfulBy An SEP fanIf you like puzzles and Jane Austen, then this a must have. The box is made to resemble a hardback book so can store it on your shelf with your Austen novels. It has 500 pieces and the finished puzzle measures about 1.5 feet by 1 foot, 2 inches.The Regency era illustration offers an average puzzle challenge.All in all, I'm very happy with my puzzle and will put it together several more times.0 of 0 people found the following review helpful. Love this 'Jane Austen' Potter Style puzzle!By Marj BI first bought the 'Alice in Wonderland' puzzle and loved it so much that I looked up what other Potter Style puzzles I could get my hands on. Well, found out there are only three, 'Alice in Wonderland', 'Wizard of Oz' and 'Jane Austen', and I bought them all. These puzzles have a beautifully detailed picture, are of good quality, and the pieces are sharply cut without any frayed pieces. And the box looks just like a book, so they all look great on my bookshelf. The puzzle is challenging enough even though it's only 500 pieces. Would highly recommend this for ages 10 and up. Very enjoyable.

The Jane Austen puzzle contains 500 pcs and comes in a book style box.
