Lewis Porter, Michael Ullman, Edward Hazell : Jazz: From its Origins to the Present before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jazz: From its Origins to the Present:

0 of 0 people found the following review helpful. Standard Text on Jazz History By L. Levy This is a standard text overview of jazz history. As such, it covers all the bases. If you are not looking for anything revelatory, you won't be disappointed. It covers the ground well. 0 of 0 people found the following review helpful. Lot's of information By Daniele A lot of information is covered by this book. I am glad this was request for my Pop Music class because I have learned a lot from a subject that wasn't of my interest at first. We now listen to jazz in my house 1 of 1 people found the following review helpful. Great Quality, Great Book By J'ovan Davis I bought this book for my history of jazz class. It came in great condition, and is a wonderful read. The book contains immense amounts of great information.

This entertaining one-volume comprehensive history of jazz and the artists who made it popular contains musical

examples so that students who do not read music will not be inhibited. Combines a rich detail of the origins of jazz with insightful biographies and contributions of jazz legends, including Duke Ellington, Count Bassie, Charlie Parker, Miles Davies, John Coltrane, and the jazz bands of the 30's, 40's, 50's, and 60's. Ideal for for all Introduction to Jazz and Jazz History courses in Music, as well as African-American Studies, and the 20th Century American Studies at the undergraduate level.

From the PublisherEntertaining and well-written, this one-volume comprehensive history of jazz contains musical examples expansive enough so that students who do not read music will not be inhibited. Accurate and respectful of the industry's greatest artists, it combines general chapters on the history of jazz with more detailed treatment (i.e., biographies and contributions) of certain key figures. A good deal of attention is given to important solos, and the authors attempt to suggest the world from which the music emerged.From the Back CoverThis entertaining one-volume comprehensive history of jazz and the artists who made it popular contains musical examples so that students who do not read music will not be inhibited.
