**Kirk Tatnall : Jazz Guitar Chord Thesaurus (Book/CD)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Jazz Guitar Chord Thesaurus (Book/CD):

3 of 3 people found the following review helpful. Deserves a place on every jazz guitarist's bookshelf! By JazzmanA nice addition to any jazz guitar library. Very well organized, methodical, systematic and comprehensive. A thorough reference guide that also provides a logical method for practicing the material. 1 of 2 people found the following review helpful. Five Stars By john freeman Good info 1 of 3 people found the following review helpful. Five Stars By Platinum Pretty good book!

To become fluent in the language of jazz and music in general, musicians must develop equality of all twelve keys. The goal of this book is not only to provide a reference for learning chord fingerings, but to offer a daily practice

routine to increase the guitarist's vocabulary of chords. This book will provide a clear cut path to learning all the inversions of seventh chords by using the two main building blocks of jazz harmony: major and minor ii-V-I chord progressions. The accompanying CD includes backup tracks to 10 jazz standards to allow guitarists to apply their new chord vocabulary.
