McFadden Where would we be without The 4 Seasons and Frankie Valli, and the music they gave the world...and me? The book adds to the history and mystic of the hugely talented and gifted musicians who gave us what we needed to get through life's trials and tribulations. By "seeing" the music we all love in graphic form is a keepsake for all. The play and the movie are with us forever and so is the music. 3 of 3 people found the following review helpful.
