Nick Snels : Jigsaw Sudoku 9x9 - Easy - Volume 2 - 276 Puzzles before purchasing it in order to gage whether or not it would be worth my time, and all praised Jigsaw Sudoku 9x9 - Easy - Volume 2 - 276 Puzzles:

0 of 0 people found the following review helpful. Great book, but the easiest easy I've ever seen!By jogThis is a great Sudoku book that is rated easy and EASY it is! The whole book is very easy, except for a few 'different' puzzle types on the last few pages. Those are totally different puzzles and some quite hard. Great book for someone who is just learning how to do the jigsaw puzzles.0 of 0 people found the following review helpful. Three StarsBy Lynda SummerA little too easy. I should have ordered the more advanced one.0 of 0 people found the following review

helpful. Five StarsBy Anonchallenging

Jigsaw Sudoku is Sudoku with a twist. Instead of square shaped regions, the regions are irregularly shaped. This makes solving a Jigsaw Sudoku puzzle that little bit more difficult than classic Sudoku. This book is ideal for beginners to learn Jigsaw Sudoku 9x9. Once you pick up this book, you wont be able to put it back down. You have been warned! Jigsaw Sudoku 9x9 - Easy is a collection of 276 puzzles: 216 easy Jigsaw Sudoku 9x9 puzzles 60 extra logic puzzles The goal of Jigsaw Sudoku is to fill in the empty cells, one number in each, so that each column, row, and region contains each number exactly once. The regions are of irregular shape. I guarantee that every logic puzzle in this Jigsaw Sudoku puzzle book has been carefully checked to ensure that each puzzle has only 1 solution. None of the puzzles in this book will appear in any of the other PuzzleBooks.net books. Jigsaw Sudoku is also known as Geometry Sudoku, Irregular Sudoku, Squiggly Sudoku and Kikagaku Nanpure.
