Too HardBy RowenaToo HardI like a challenge, but these are impossibleNo fun at all0 of 0 people found the following review helpful. love it and take it with meBy melstlthis is by far the most fun form of Sudoku and this book is a nice size to carry with you wherever you go. the pages are not like

the rough newspaper that some use. the paper has a nice finish and handles erasers well (which if you do sudokus, erasers are a must and the paper needs to handle it)0 of 0 people found the following review helpful. Challenging to meBy Beemer76I love Jigsaw Sudoku. But they are very hard to find except online. This volume is a great collection. The problem is that I've done all these books and I can't find new ones.

This wonderful puzzle book contains 100 jigsaw Sudoku puzzles. It also has all of the solutions printed at the back of the book. Jigsaw sudoku is an enjoyable sudoku variant, so if you like the logic puzzle that has taken the world by storm that is sudoku, you're sure to love jigsaw sudoku, also known as irregular sudoku. The rules of jigsaw sudoku are simple: place 1-9 once in each row, column and irregular shaped jigsaw region containing 9 cells. Each puzzle has one unique solution that can be reached through the application of logical rules. There are a large number of different grid patterns to tackle in this book, which means that each different style of grid solves in a different way. If you like normal sudoku but are looking for a new sudoku-related challenge, then jigsaw sudoku could be the book for you!
