**yamaha : Joe Hisaishi Piano Collection: Piano Solo Sheet Music Scores Book** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Joe Hisaishi Piano Collection: Piano Solo Sheet Music Scores Book:

14 of 15 people found the following review helpful. A great intermediate player's book of Hisaishi tunes By Virginia music lover We were very pleased with the compilation of Joe Hisaishi's music. It is for intermediate players. The arrangements are well thought out, and there is a nice array of his more famous songs. I cannot recommend this too highly -- when we received it my wife and I played through most of the book (we turned it into a duet book so we could play the songs at their proper tempos). Note: there are no English words in the titles, but that was a delightful surprise actually as we would start playing and then discover the name of the tune. 9 of 10 people found the following review helpful. Beautiful music By Sadie A must-have for any Studio Ghibli fan! If you play piano, and you're in love

with Joe Hisaishi, then this is for you. However, please be aware the pieces are difficult if you have no piano experience, and the titles are all in Japanese. :) Definitely for intermediate players, but advanced beginners can "bang it out" with enough practice (such as myself!). Love it. 0 of 0 people found the following review helpful. The book to have. By JBGreat collection. My son said this was the book to have.

This book contains 23 Joe Hisaishi Piano scores. 88 pages.
