Just what we wantedBy Sonic FlashThis music book was just what we wanted. My son was thrilled to see it for Christmas and was eager to get back to Portland OR to start playing from it. The delivery was very quick and arrived in plenty of time for Christmas. Bach is one of my son's favorites and great to play. Wonderful service!

The six Partitas were originally published individually by Bach between 1726 and 1730. A complete one-volume edition appeared in 1731. Dr. Hans Bischoff used that original complete edition in producing this current edition. The "Overture in the French Manner" is included, and is also known as "Partita in B Minor." It originally appeared in 1735. Introductory notes, preface, and a table of embellishments are included, along with performance footnotes.
