Great trivia in this book and a good bit of humor too! Got this as a gift for my dad. I also really enjoyed reading it. Recommend it for any oldies and classic rock fan!1 of 1 people found the following review helpful. While some of the trivia questions were good, many of them were pretty much common knowledgeBy robert h. guyWhile some of the trivia questions were good, many of them were pretty much common knowledge. It is probably a good idea to have multiple choices to make for the uninformed, however, after 3 general choices the writer gives, the 4th choice is pretty juvenile. After I completed approximately 300 questions I came to the assumption that the writer had to be 6 years old. I'm sorry, but to me the 4th choices were generally pretty stupid. Maybe it's just my age. I have followed this music for close to 60 years now and have matured.0 of 0 people found the following review helpful. the last choice answer is supposed to be funny, it's notBy billioNot enough info with the answers,some answers incorrect, the last choice answer is supposed to be funny, it's not.There are better books out there dealing with this topic.
