characters while the adults can appreciate the tongue in cheek humor expressed in the songs. This book is a nice addition to any songbook library, as it includes all of the songs from Joseph as well as the accompanying piano part. If you enjoy musical theatre, sitting around the piano and singing, this is a great book to get. 0 of 0 people found the following review helpful. If you're a musician...By tomfromboston Please look at the dimensions. This is not for playing. Each page is only 6.5 inches across. It's about 70% smaller than normal sheet music. If you're buying it just so you have the lyrics, there are cheaper alternatives. The dimensions are listed but you have to click description to read them. I wish I had as I had to return it. Too small and the binding was that of a paperback novel. Impossible to play. May work if available for kindle or iPad as then you can turn pages and keep them open. 1 of 1 people found the following review helpful. I This is the one to buy! By SandraKC If you're looking for the lyrics and music for Joseph and the Amazing Technicolor Dreamcoat, this is the one to buy. I unfortunately bought another book before this one that had very truncated versions of the songs so it was a great relief to receive this one and get the full lyrics and music. Thank you, thank you.
