Excellent source.By William CampbellI've been playing Journalist and Rusinow leads for several years now, but learned a lot reading this book.I really like the logic for length leads, 3rd from even lowest from odd.4 of 4 people found the following review helpful. Dry but usefulBy Steve WillnerNot an exciting writing style, but the book gives valuable recommendations for both opening leads and for agreements later in the defense. Recommendations are well thought out and justified. An important principle is that no method will solve all defensive problems.
