Juggling is not too complex for children to master, it just requires a commitment and some practice. I really do like the way Bobby breaks everything down to its most basic parts. Master one step, then add the next. Before you know it, you're juggling! This book is aimed at the child audience, which means that it will likely confuse the heck out of every adult in the house. So have the kids teach YOU how to juggle. 0 of 0 people found the following review helpful. Incomplete item By Carolyn Swaney I only received a book, no balls. The great all-colour book in this gift set is the finest manual on the subject: each page contains just one or two large size, extraordinary action photographs that capture every move with remarkable clarity. Some have arrows which trace the path the ball will follow. These images will lead you through the different motions, from the basics to more challenging ones * Boxed set includes a full colour how-to book and three soft leather juggling balls. * Astound family and friends with juggling ball tricks such as The Yo-Yo, Juggler's Tennis, Neck Catches, Two-person Cascade and

others! * The book *Juggling Step by Step*, (ISBN 0-8069-0815-7; [pound]6.99; 80pp) was published in 1994.
