0 of 0 people found the following review helpful. fun book for doing jumble puzzlesBy DVD watcherThere are 180 puzzles in this book, with a couple of levels of difficulty. The book is the size of a coloring book with larger print, which I like. If you enjoy doing jumble puzzles in the paper, you will enjoy this book. I have done over 20 of the jumble puzzle books - this was a good one.0 of 0 people found the following review helpful. Jumble bumbleBy StephanieI found the words for the jumble to be great and I enjoyed them very much. However, the actual answers to the jumble rarely made sense. I wish i could say I was alone in this but my roommate is mad about jumbles too and she felt the same as I. WE were both happy to find that they actually sold jumbles seeing how we never found them before , yet the ones we do in the Herald are much better. I hope I can find a book that is closer to the daily newspapers!0 of 0

From the cover I was afraid it might be too advanced for me. It was not I am enjoying the large print. My old eyes sometimes have to use magnifying glass to work the newspaper puzzles.
