2 of 2 people found the following review helpful. great for the jumble puzzle loverBy DVD watcherIf you love doing jumble puzzles in the paper, you will enjoy this book. There are 180 puzzles in this book, which is the size of a large coloring book. The print is large also, which I prefer. Hours of fun to keep your mind sharp. (I've done about 40 of these books - this book had a lot of words not used very often. This was a really fun book. Good - newer - puzzles.)0 of 0 people found the following review helpful. For more than 40 years, millions of newspaper readers have delighted in solving the daily Jumble, which appears in hundreds of national papers and in these puzzle books that offer hours of challenging wordplay and fun. Each page features a series of mixed-up words coupled with a cartoon clue, and one letter from each word is used to form the answer to the puzzle.
