I don't know why they felt the need to make it so large since there is still only one puzzle per page. The size of this book makes it unwieldy to work with. They should reconsider new volumes in half the size for easy portability. I really like the play on words in many the cartoons which make it easy to figure out the answer without unscrambling all the words. Some of the 6 letter words are not what I would call ordinary words. I will not order my ore in this large size. 6 of 6 people found the following review helpful. Fun! I often buy these books for her as a gift and she takes them to places where she might have a wait, like a doctor's appointment. They are fun and relaxing to solve.
