The book is quite heavy. I might suggest that the publisher make three separate books instead of one big one. It would be easier to take it with you anywhere. I waited a long time in the doctors office and took six pages out of the book to avoid carrying the book. However, be that as it may, I love the book.0 of 0 people found the following review helpful. With over 500 of the word-scramble challenges included, the book will entertain and test even the most devote puzzle buster. For more than 40 years, millions of newspaper readers have delighted in solving Jumble, which appears in hundreds of national papers and in these puzzle books that offer hours of challenging wordplay and fun. Each page features a series of mixed-up words coupled with a cartoon clue, and one letter from each word is used to form the answer to the puzzle.
