It isn't that I don't like Sudoku, but rather that nobody else does the ...By Far Horizon There are so many other Sudoku books on the market, I don't know why "Jumbo" just doesn't get out of the Sudoku business and publish a book of the other variety puzzles. I generally work all the non-Sudoku puzzles in each "Jumbo" release and then discard the book. It isn't that I don't like Sudoku, but rather that nobody else does the other Variety Puzzles that "Jumbo" does. Overall, I like the Jumbo books, but they could be better, IMHO. 0 of 0 people found the following review helpful. Wide variety of puzzles By JoAnn V. I really like this book of puzzles because many of them are very challenging. Many of the sudokus and futoshikis are not as hard but they rate them so that you know. I also like the fact that most of the puzzles are quite large in print, often only one per page, so have lots of room in the squares if you have several possible answers to consider. 0 of 0 people found the following review
