It has several types of Sudoku (killer, samarai, etc.) at different levels, but I found even the easiest levels to be engaging. The book is light and perfect for travel. The only quibble I have is that the answer pages have a slightly confusing format, but it has not stopped me from continuing to buy from this wonderfully fun series. Long may they publish!0 of 0 people found the following review helpful. EXCELLENTBy BEVERLYExcellent quality, product as described speedy delivery!0 of 0 people found the following review helpful.
