Time Inc. Home Entertainment : Jumbo Sudoku Explosion before purchasing it in order to gauge whether or not it would be worth my time, and all praised Jumbo Sudoku Explosion:

22 of 23 people found the following review helpful. Great Puzzle Series By Stella Nemeth This is a great puzzle book series. What I like about it is that there are variations on Sudoku in this series, a few of which I like even better than the original puzzle. Each variation has a range of difficulty. And that range is real. The easy puzzles really are easier than the hard ones. All of the books in this series last a very long time because of the variety and number of puzzles. Worth every penny. 2 of 2 people found the following review helpful. Loads of Fun By Chris Games are unique and some are very challenging. It will provide probably six months of entertainment for only \$14. This book is better than any other Sudoku book I have used. I bought a similar one and used it for two years. Every puzzle was completed. Keeps your mind alert. 0 of 0 people found the following review helpful. not much of a challenge By Grandma First of all, I did not know there were other puzzles other than traditional sudoku--something of a disappointment. To date I

HAVE NOT MET ANY PUZZLE THAT WASN'T EASILY SOLVED. I am far from an expert at sudoku If you want a book of easy puzzles, this is it.

Covers 8 different puzzles and is for various Sudoku fans at various levels. This title also includes over 250 puzzles to challenge and entertain those new to solving as well as die-hard fans.
